# Art Submission Regulations

1. The following art media may be submitted for Art Club Monthly Hangings and in the Arts and Crafts Show: painting, drawing, pastel, mixed media, printmaking, original computer generated art, collage, assemblage and other art forms suitable for hanging. Giclees on canvass are not acceptable. Media that is under the domain of other SCPD clubs including, but not limited to, jewelry, ceramics, photography/digital photography, home crafts, fabric, wood and glass pieces will not be accepted for display by the Art Club.
2. Drawings, pastels, watercolors and original art prints must be framed and protected by plexiglass, glass, or protective fixative. For safety reasons, plexiglass is preferred. Oil and acrylic paintings must be framed or painted on gallery wrapped canvases of 1.5 inches or more with sides as part of the painting. Art works may be created or printed on metal or similar surfaces which must be appropriately prepared for hanging. Hanging formats other than those listed must be pre-approved by the Display Committee.
3. See “How to Prepare Your Picture for Hanging” on the Art Club website ([art.scpdcaclubs.com](http://art.scpdcaclubs.com)) or posted in the art studio. All framed artwork must be correctly attached to the frame (not attached with tape, etc.). All artwork and frames must be in good condition, dry, clean and free of dust.
4. All art work shall be hung only once in the Arts and Crafts Show and once in a Monthly Hanging.
5. There is a limit of THREE works not to exceed a total of 2000 square inches hanging space. One larger work may be allowed at the discretion of the Display Committee. (Length x Width = Square Inches including frame)
6. Entry form must be completed and works labeled correctly.
7. It is common for student artists to copy the art of masters as a learning tool. Each artist is responsible to make sure that the art they copy is in the public domain. Any artwork that is copied or inspired by another artist’s work should be acknowledged as such on the back of the work and on the label describing the work.
8. The Display Committee Chairperson may reject any art piece for hanging. If this occurs, the artist will be given the reason for rejection.
9. The Art Club has no responsibility for theft or damage to your works of art or frames, however caused.
